

Astronaut

Catherine Brentnall

Verse 1

People I know are always asking me:
When you grow up what will you be?
Is there a job you think you'd like to do,
Something that's just your cup of tea?
Every time it's the same old options,
A builder, a banker, a teacher in a school.
But I have higher expectations,
I have in mind a job that's really cool!

Chorus

I'll be an astronaut,
My rocket flying faster than you ever thought,
An astronaut.
And I will not fall short,
I'll succeed at all my missions,
I'll be the best sort, of astronaut.

Verse 2

And when I get to where I want to be,
I'll do my job with so much pride.
It won't be easy to fulfil my dream,
But I have faith deep down inside.
Whether I get to fly the spaceship,
Or whether I discover life on Mars.
I know that this job is my calling,
I know I'll feel at home among the stars.

Chorus

I'll be an astronaut,
My rocket flying faster than you ever thought,
An astronaut.
And I will not fall short,
I'll succeed at all my missions,
I'll be the best sort, of astronaut.

Bridge

List'ning to the countdown in my spaceship,
I'll feel a little nervous certainly.
But once my rocket's finally in orbit,
I know I'll feel this job was made for me!

Chorus

I'll be an astronaut,
My rocket flying faster than you ever thought,
An astronaut.
And I will not fall short,
I'll succeed at all my missions,
I'll be the best sort, of astronaut.

Part 1

I'll be an astronaut,
My rocket flying faster than you ever thought,
An astronaut.
And I will not fall short,
I'll succeed at all my missions,
I'll be the best sort, of astronaut.
Astronaut!

Part 2

Astronaut flying,
Got to keep trying.

Astronaut flying,

Got to keep trying.
Astronaut!
