

One World

Catherine Brentnall

Verse 1

Stop and look around you,
Open up your eyes,
And soon you will find,
Earth's great nat'ral beauty,
Is being compromised,
By acts of mankind.
Pollution is rife,
Endangering life.
The land, the sea, the air,
Pollution ev'rywhere.

Chorus

We have one world,
Treat it with respect,
Only one world,
It's our duty to protect.
For the sake of future generations,
Make a change right now.
Unite together for one world.

Verse 2

On our wondrous planet,
Actions people take,
Cause complications.
Think about your lifestyle,
Choices that you make,
Have implications.
Be mindful of how,
The things we do now,
Will shape the planet's fate,
It's time to educate.

Bridge

Each and ev'ry one of us can make a difference,
Ev'ry single person plays a part.
We can choose to spread the word and lead by example,
So let's step up and make a start.
