

Reduce, Reuse, Recycle

Stu Brewer

Verse 1

There are many things we use,
To wrap and hold our food,
From plastic to cardboard waste,
It does not have to be this way.

Chorus

Reduce: Only ever buy what you need,
Reuse: Save that shopping bag and do a good deed.
Recycle: Don't just throw away those cans and batteries,
Do what you can, give the planet a hand!

Verse 2

Sort your rubbish into piles,
We can make it all worthwhile,
Group cans and paper waste,
To be used another day.

Chorus

Reduce: Only ever buy what you need,
Reuse: Save that shopping bag and do a good deed.
Recycle: Don't just throw away those cans and batteries,
Do what you can, give the planet a hand!
Reduce: Only ever buy what you need,
Reuse: Save that shopping bag and do a good deed.
Recycle: Don't just throw away those cans and batteries,
Do what you can, give the planet a hand!
